2018 Mountain Running International Championships

Selection Policy - published October 2017

Overview

The British Athletics policy for international mountain running events is to focus on performances that will challenge for senior team and individual medals and be competitive in the junior events.

The selection policies for 2018 have been written in order to ensure we are able to select the best prepared teams for the Championships.

The GB and NI team will travel to the Championships as a single team. All questions related to the selection policy and the trial races should be directed to Anne Buckley (annembuckley@yahoo.com).
